

28 March 1972

MEMORANDUM FOR: Deputy Director for Plans
SUBJECT : The CS Historical Program

1. This is further to my comments of 13 March 1972 on Mr. Colby's draft memo, "Archives, History and Records".

2. The DDP memorandum of 4 February 1972 (DD/P 72-056) to the Executive Director-Comptroller, concerning the CS historical program lists eight proposed guidelines for the continuing CS program and requests approval or comment. In Mr. Colby's draft memo and in our discussion with him on 23 March some of these points were touched on in a general way. There has been no direct response to the DDP's memo, however. In any forthcoming discussion with the Executive Director-Comptroller, or in a response to his memo, it might be useful to request his views on the specific guidelines we have advocated for the continuing CS historical program.
